**DENTAL CARE AVAILABLE ON CREDIT**

**QUESTION—**  
"I need quite a bit of dental work done, but cannot afford to pay right now. Do you have a plan whereby I can get my work done now and pay for it later?"—writes Mrs. R. D. of Harbor City.

**ANSWER—**  
Yes, my office is set up to give credit to all who desire it. When you first come into the office, I do a complete dental examination on you. Then I give you an exact estimate of what the work will cost. Once we know the fee, we can arrange for you to buy on easy monthly terms, or weekly if you prefer. No money down is necessary, 6 weeks to make the first payment, and as long as 12 to 18 months to pay.

All newcomers to Torrance area or those who don't as yet have their credit established, can have their dental work done immediately under our new credit plan.

Pensioners may come in and receive a written estimate of what their dental work will cost. When this estimate is approved, their work is started immediately and they make their first payment when they receive their additional funds from the State.

If you have any questions concerning dental problems, you want answered in this column, write to:

**Lions Hold White Cane Days Friday, Saturday**

Friday and Saturday, September 14 and 15 will be White Cane Day in Torrance. The Torrance Lions club and the North Torrance Lions club have both adopted this annual project for the purpose of raising funds for their blind and sight conservation work in Torrance.

Last year the Torrance Lions club was able to give eye examinations and glasses to over 50 needy children in Torrance. In addition, an electromagnet was presented to the Torrance Memorial hospital to be used to extract magnetic particles from the eye and a braille writer was purchased for a deserving family.

**Special Fund**  
Lions Abe Robinson and Milton Hunter, presidents of the two Lions clubs, indicated that every penny made in the White Cane project would go into a special fund in each club and the money could be spent only for blind and sight conservation work in the city of Torrance.

The Torrance Lions club has had White Cane Day as an annual project for four years and the newly formed North Torrance Lions club also plans to make this an annual event.

On Friday and Saturday teams of Torrance Lions and Lionesses (Lady Lions) will be collecting contributions throughout most of the central area of Torrance while the North Torrance Lions will be working and asking for the support of residents of Torrance who live north of 190th street.

**Goal**  
By official action of the city of Torrance, Friday and Saturday, September 14 and 15 have been proclaimed "White Cane Days" by Mayor Albert Isen.

**Art Group Plans to Meet September 13**

The Torrance Art group will hold its first meeting of the season on Thursday, September 13, at MacMasters park, 3624 West 174 st., at 8 p.m.

Future activities that will be discussed are: an "art festival" at the Civic Auditorium in November; a series of one-man shows in the Torrance public library and workshops in different art techniques.

All newcomers to the Torrance area, interested in art, are invited to come to any of the meetings.

WE CANNOT always oblige, but we can always speak obligingly.—Voltaire

**QUESTION:** Is it wise for a new business which is heavily in debt to take on the added expense of Business Interruption Insurance?

**ANSWER:** Much more so than an established, financially stable firm. Without it the new firm can be bankrupted by a fire which shuts off its income for even a short time. The debts would still be there.

\* If you'll address your own insurance questions to this office, we'll try to give you the correct answers and there will be no charge or obligation of any kind.
